

The Streamline  
Architectural Sconce

**REBELLE**  
ARCHITECTURAL  
LIGHTING

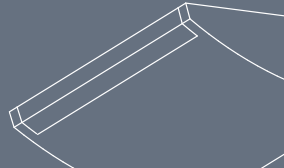

### **New From Rebelle Architectural Lighting**

The Streamline Architectural Sconces provide a clean, minimalist look that blends into any building interior. The soft wall or ceiling wash of illumination is complimented by the Streamline signature light reveal. These sconces are die cast aluminum, small scale, interior luminaires for use in healthcare, education and corporate interiors.

The latest metal halide, compact fluorescent and LED sources ensure low maintenance cost over the life of the product. These luminaires are enclosed to exclude dust and other contaminants.
